

## Standard Equipment/Optional Equipment

### Standard Equipment

Linde twin drive pedals to control forward/reverse travel and braking  
 Original Linde Load Control integrated in armrest  
 Hydraulic suspended seat with extensive range of adjustment  
 Hydrostatic power steering  
 Four wheel configuration with patented Linde combi steering axle  
 Linde compact drive axle with maintenance free oil-bath disc brake  
 Famous Linde dual motor drive with 2 x 5 kW maintenance free AC motors  
 11 kW maintenance free AC lift motor  
 Curve Assist for automatic, proportional speed adaption  
 Plenty of storage space for writing utensils, beverage cans ...  
 Anti-glare display with clock, hour meter, service information and accurate battery condition indicator  
 Standard truck fits into ISO containers  
 Superelastic tyres

Battery capacity for low version (h6 = 1970 mm):  
 E16P = 48 V/575 Ah, E20PL = 48 V/690 Ah  
 Battery capacity for high version with increased battery capacity (h6 = 2130 mm):  
 E16PH = 48 V/700 Ah, E18PH = 48 V/700 Ah  
 E20PH = 48 V/700 Ah, E20PHL = 48 V/840 Ah

**New STANDARD features for the EVO models:**  
 New seat/armrest generation for outstanding ergonomics  
 Improved energy consumption  
 Enhanced tractive force and climbing ability  
 Self-activating parking brake  
 Individual drive dynamic mode providing perfect combination of performance and efficiency  
 Showing battery operating time by the minute  
 Dust and dirt protected Linde Load Control  
 Enlarged step-in for high models  
 New diagnostic plug for fast service access  
 Sensitive traction control for Linde dual motor drive

### Optional Equipment

Single drive pedal with direction selector on armrest  
 Overhead guard can be upgraded to full cabin with roof, front-, rear screens and doors (also available with tinted glass)  
 Wiper-washers for front, rear and roof screens  
 Further seats with additional comfort and adjustments  
 Cab heater with integrated pollen filter  
 Radio with speakers  
 Sun screen, clipboard and interior light  
 Standard mast lifts up to 5650 mm  
 Duplex mast (full free lift) lifts up to 4145 mm  
 Triplex mast (full free lift) lifts up to 6075 mm  
 Single or double additional hydraulics for all mast types  
 Tilt cylinder- and roof protection  
 Integrated sideshift  
 Integrated fork positioner  
 Mirrors

Linde original Blue Spot  
 Road traffic specification  
 Load backrest  
 Swivel seat  
 12 V socket  
 Truck lighting, working lamps  
 Cold store protection  
 Custom paintwork  
 Linde Fleet Management (LFM)  
 Active ventilation while charging

#### Linde energy management

Customized horizontal and vertical battery change incl. NEW hydraulic battery shift  
 Built-in high frequency onboard charger for convenience and flexibility  
 Recirculation of electrolyte

Other options available on request

Electric Counterbalanced Trucks  
 Capacity 1600 - 2000 kg  
 E16 *EVO*®, E18 *EVO*®, E20 *EVO*®

Linde Material Handling

### Safety

The protective overhead guard forms a strong and completely enclosed protective zone providing optimum structural integrity, safety and protection for the operator. The top mounted tilt cylinders provide seamless, smooth control of the tilt movements for excellent load stability in all operating conditions. This unique design also enables slimmer mast profiles to be fitted for outstanding visibility.

### Performance

One would expect a high performance truck to have a high performance traction system – and that is exactly what the Linde compact drive axle and lift system delivers. Powerful motors and intelligent electronic control form an impressive power pack to deliver the highest levels of productivity.

### Comfort

Consistently high levels of performance and efficiency for extended periods are only possible if the operator feels comfortable. The ergonomic layout of all the controls, the adjustability of the armrest and seat, Linde Load Control and twin accelerator pedals provide the best possible intuitive interface between the truck and the operator.

## Features

#### Linde clearview mast design

- With top mounted tilt cylinders for seamless load control and stability
- Excellent view of load and surroundings through the robust yet slim mast profiles
- Nominal capacity retained to maximum lift heights
- High residual capacities in all applications
- Exceptionally stable

#### Linde combi axle

- Unique Linde combi axle offers total flexibility
- Combi axle gives this four wheeled truck the manoeuvrability of a three wheeler
- Excellent four wheeled stability and safety on hard uneven surfaces
- The perfect flexible combination for inside/outside working

#### Linde twin accelerator control

- Seamless, rapid reversing without repositioning the feet
- Short pedal travel
- Fatigue-free working
- Increased throughput and performance

#### Linde Load Control

- Small tactile joystick integrated in an adjustable armrest
- Precise and effortless fingertip joystick control of all mast functions
- Safe and highly efficient load handling

#### Linde Dual Motor Drive

- Two powerful AC drive motors
- Seamless acceleration and variable torque characteristics
- Power moduls in DCB-technology for high performance and efficiency cooling

#### Linde operator's compartment

- Ergonomically designed for efficient, fatigue-free working
- Spacious operator's compartment with generous floor plate area
- Cushioned comfort – mast and drive axle are isolated from the chassis and cab by a unique resilient suspension system that absorbs shock loadings

#### Linde compact drive axle

- Twin drive design with high performance Linde AC technology
- Integrated AC lift motor
- Optimum energy efficiency
- Maintenance-free oil-bath disc brake
- Efficient power moduls housed in sealed unit for complete protection
- Short, energy saving power connections

#### Linde energy management

- Optimised energy consumption
- Accurate battery condition indicator
- Simple horizontal or vertical battery changing options
- Optional built-in high frequency charger for convenience and flexibility
- Record of battery usage
